The 1998 elections, which were held under the new three-term limit constitution, were a landmark event in the history of the country. The results of the elections were a surprise to many, as the incumbent president, Carlos Menem, was defeated by a coalition of opposition parties. The new president, James Anaya, took office in 1998 and has since worked to improve the country's economy and infrastructure. The 1998 elections were a turning point in the country's history, and the results have had a lasting impact on the country's political and economic landscape.
