

## Wetlands being planted at Fountain City Lake

Wetlands, sometimes  
 called "kidney filters," are  
 being planted at Fountain City  
 Lake, near the intersection  
 of the 10th and 11th streets  
 in the city of Fountain City.  
 The wetlands will help  
 improve the water quality  
 of the lake.

One of the advantages  
 of wetlands is that they are  
 relatively easy to install and  
 maintain. They also provide  
 a natural habitat for birds  
 and other wildlife. The wet-  
 lands will be planted in the  
 area between the lake and  
 the city of Fountain City.  
 The wetlands will be planted  
 in the area between the lake  
 and the city of Fountain City.

## 21st century library dedicated at South-Doyle High

The Journal News  
 is published daily except on  
 Sundays and public holidays.

South-Doyle High School  
 has a new library that will  
 be dedicated on Friday, May  
 15. The library is located in  
 the new building that was  
 built in 1995. The library is  
 a modern facility with a  
 lot of new equipment and  
 books. The library is a  
 great place for students to  
 study and read. The library
