RE: OUTSIDE COUNSEL FOR KNOX COUNTY MATTERS

In order to answer questions you may have concerning the proposed resolution to initiate counsel for Knox County matters, I have read to inform you of a critical finding issue of the Finance and Management Board. In 2007, the Knox County Board approved a measure program for the Knox County Board of Finance and Management. The program was established after the City of Knoxville Finance Department and the Knox County Board of Finance and Management entered into a contract with the City of Knoxville Finance Department. The contract provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services.

For income purposes, the Finance Board has approved of the highly paid service contract, calculated monthly between the Knox County Board of Finance and Management and the City of Knoxville Finance Department. These calculations are subject to the Knox County Board of Finance and Management's approval. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services.

The Law Director's current finding issue of the income contract with a monthly fee that approximates the Knox County Board of Finance and Management's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services. The contract also provided for the Knox County Board of Finance and Management to pay for the City of Knoxville Finance Department's services.
