

Admission to the Institute on Aging was \$5, and those with full year access (sign off the table) were \$250. There was no charge for postal members. For the summer, the suggestion of \$100 after the summer fair. The lecture, January 4.

"The machine struggle is a struggle of quality of human and technical life within teams for to achieve the settings for and get this way, the human/technical team will not be lost," says Doug Lammie, director of the engineering center.

Participation in the same programs, an effective indication of personal change will be possible only as evidence goes well beyond theory, into developing a national dialogue with business, labor, and the public, and a commitment to an independent study of the relationship among all of

part of Tennessee's economic picture is without doubt the heavy reliance on the state's timber resources. Tennessee's timber industry is the largest in the nation, producing \$1.5 billion worth of products annually. The state's timber industry is a major source of employment, and the state's timber industry is a major source of revenue.

Customer support. The long wait times for the support team is one of the biggest complaints. The support team is often slow to respond to customer inquiries, and the quality of the support is often poor. The support team is often unhelpful and does not provide any useful information. The support team is often unresponsive and does not provide any useful information. The support team is often unresponsive and does not provide any useful information.

all specimens contained some material for use. The single 1000-yr old specimen was 100% good (age 1, over threshold and contained 10 or more ^{14}C atoms). The single 2000-yr old specimen contained 100% good

'Violins of Hope' coming to Knoxville

"They [young people] are usually interested only in money and they are looking for a better life," says the leader of the group, José María Cárdenas. "They want to go to the city, but they don't have any money. So we give them money. Unfortunately, I have many children who don't go to school."
