

Walter Maples reflects on 90 years

City may
expand base
of electric
company
business

The electric utility
company is planning
to expand its base
of business in the
city. The company
is planning to build
a new power plant
in the city. The
company is also
planning to build
a new transmission
line in the city.

The company is
also planning to
build a new
transmission line
in the city. The
company is also
planning to build
a new power plant
in the city.
