

State Representative Dean Courtney takes a quick phone call in his office at the City Council Chamber at City Hall.

Farragut and the 5G cell giants

The latest in the saga

By Bill Rosend

The drama that began with Farragut's decision to allow the wireless carriers to erect towers for 5G service in the city has come to a new chapter in its saga. This time, Thursday night, was the first time the city council has taken the issue of 5G service to the public. The council's decision on whether to allow the carriers to erect towers in the city will be a key factor in the city's decision on whether to allow the carriers to erect towers in the city.

The saga of 5G service in Farragut has been a long and contentious one. The city council has been divided on whether to allow the carriers to erect towers in the city. The council's decision on whether to allow the carriers to erect towers in the city will be a key factor in the city's decision on whether to allow the carriers to erect towers in the city.

The city council's decision on whether to allow the carriers to erect towers in the city will be a key factor in the city's decision on whether to allow the carriers to erect towers in the city. The city council's decision on whether to allow the carriers to erect towers in the city will be a key factor in the city's decision on whether to allow the carriers to erect towers in the city.

Neighbors Win at City Council Meeting
