Audit Committee to hear of impact of shutdown

By Mike Freely
mfreely@tenn.edu

When the House Faculty Audit Committee meets this afternoon, it will consider the impact of a "shut down" of the college. The committee will hear from the college's senior vice president.

The committee will hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations. The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations.

The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations. The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations.

The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations. The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations.

The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations. The committee will also hear from the college's senior vice president, who will discuss the impact of the shutdown on the college's operations.

Shining Bright!

Alcon and Tennova have joined forces to create a new way of thinking about the future of the college. The college is the future of the college. The college is the future of the college. The college is the future of the college.
