

...a parent in Farragut said she had a child in kindergarten at Farragut Primary School and another in seventh grade at Farragut Middle School. "I urge you to keep schools open and in-person," he continued. "I know that a lot of these decisions are being driven by the (Illinois County) Board of Health, and I hope the school district education is pushing back against them, and pushing back to see who they're making the decisions they're making."

"I've watched the numbers and the numbers don't justify the schools being closed."

...also noted that her son in the seventh grade is friends with a high school freshman at Farragut, who chose to leave the virtual mode.

"One of my son's friends is a sixth grader and he chose virtual," ... said. "He is very lonely and he has three virtual classes a week and that's it."

"I'm feeling pressure because he feels like the
